

# SHIBUMI® PARK VISTA SHADE

At just a few pounds, it's easy to carry in one hand and compact enough for any trunk, making it the go-to shade for spontaneous outdoor moments.

## Primary Use Cases

(1-4 people, short events, single family fun, solo leisure in the sun)

- Sideline Shade for Sports Games
- Watching Your Child on the Playground
- Reading or Relaxing at the Park
- Small Family Picnics
- Fishing by a River or Lake
- Hanging Out with a Toddler or Baby Outside
- Mountain Top View Point

## Problem

Current shade products are either too large, bulky, or time-consuming to set up for quick solo or small-group outdoor moments. In tight, narrow spaces—like sidelines, parks, docks, or near playgrounds—traditional canopies are overkill. Parents, anglers, and casual loungers need fast, compact, and personal shade that's easy to carry and set up.

## Solution

The Vista Shade is a sleek, lightweight canopy designed for 1-4 people—perfect for tight spaces where traditional shades don't fit. With its upright, space-saving profile, it delivers generous shade without taking over your surroundings. Setup takes less than 2 minutes, with no guy lines or hassle, and its freestanding design means you can use it anywhere: from the sidelines of a soccer game to a picnic in the park or a quiet morning by the lake.

## KEY FEATURES

### Compact Vertical Design

Fits where 10x10s can't—sidelines, lake beaches, playgrounds, and parks.

### Quick Setup

(2 Minutes or Less): For busy parents and solo adventurers.

### Lightweight & Portable

One-person carry. Weighs 5 pounds.

### Freestanding

No guy lines or complex stakes required.

**Ideal for Small Groups:** Comfortably shades 1 to 4 people.

**Ability to zip together for larger footprint**

**Setup Dimensions:** 7.5'x7.5'

**Packed Dimensions:** 28"x9"

**This is the best shade since trees. Literally.**
